Who is He, really?

1 John 1:5

The statement that God is light points to three key aspects of God's nature that we must learn to embrace.

- What is the nature of the relationship between true believers and God?
- Why does this matter in your day to day life?
- Why does Ephesians 5:8-9 provide significant help in understanding 1 John 1:5?
- Why is "light" such a powerful metaphor for truth?
- How is Satan using our culture to influence our understanding of truth?
- Why do people "hate the light" (cf. John 3:19-20)?

1. He is _____

- See if you can explain the connection between light and love to another?
- How has the world's understanding of love influenced your view of love?
- Why is this aspect of light potentially offensive?

2. He is _____

- How do you allow our culture to shape your view of what is right or just?
- Why is the justice of God such a sticking point for many?
- When do you most question God's righteousness?
