

## **The Whole Christ**

James 1:18-22

The grace of God is a package deal, beginning with His sovereign election and effectual calling, and continuing with His power to set us apart and transform our lives. All moral imperatives for the Christian life are rooted in this grace.

1. God willed to for us to be saved before we were willing to be saved (vs 18)
2. God brought us to life through the gospel message (vs 18)
3. He set us apart to be consecrated to Him for worship (vs 18)
4. He gives us confidence to live a life of love and obedience (19-22)
