

Finishing Faithfully: Preparing for Life's Last Leg

A Seminar to Help You Face Aging and Death with Hope and Joy

"So teach us to number our days, that we may present to You a heart of wisdom."
Psalm 90:12

We all know that the body is decaying and that death is coming—but few of us prepare for it, leaving loved ones to navigate what we avoid. This seminar will help you and your loved ones think biblically and practically about the final season of life. We will learn to plan with joyful hope by deliberating with decline, dependence, and death.

You'll receive help to:

- Think biblically about aging and death with an aim toward joy
 - Plan your living arrangements for later life
- Know when to stop driving and how to empower loved ones to help
 - Stay connected when connection becomes difficult
 - Make thoughtful burial and funeral plans
